

## B.P.W. Club Enjoys Regular Monthly Meeting

Monday night, October 11, the Elba Business and Professional Women's Club met at the country club for the regular monthly meeting. Miss Felicia Revel entertained 14 members as she made a humorously interesting presentation of a book review entitled, "Ladies, Please Come to Order." The president, Miss Jane Morrow, reported on the District II workshop held in Eufaula. She also welcomed a new member, Jean Moore, into the club. Mable Lawless was presented a membership card in the Red Garter Scholarship Club.

In recognition of National Business Woman's Week, Oct. 17-23, Mary's Style Shoppe will honor the club with a display in the store window. On Oct. 17

president, said everyone with an interest in compiling family history would be welcome at the tea and the meeting.

Everton is a former editor of "The Genealogical Helper," a magazine founded by his father and now edited by his son, Logan, Utah. The magazine published quarterly from 1947 until 1971 and bi-monthly now, has approximately 25,000 subscribers around the world.

The couple returned from England in 1970. They have given instruction and lectures on genealogical subjects in more than 100 cities in the United States and Great Britain and from Norway to South Africa. Most recently Everett delivered a series of lectures at a genealogical seminar at Brigham Young University, Provo, Utah.

Mrs. Tera Averett heads a committee for the reception Sunday, serving with her will be Miss Leonidas Jones and Marion Brunson.

VOLUME 74

**BUILDING A FLOAT...** These teenagers were not getting in trouble last Sunday afternoon any parent could rest assured. While parents often worry when their children are riding down the highway, riding horses or any of the other million things this group enjoys, they could relax Sunday afternoon. This is only part of the large group of Elba teenagers that gave up an afternoon of recreation or rest to build floats for the upcoming homecoming parade to be held Thursday evening.

**Celebration Starts Today**

Homecoming at Elba High School promises to be a memorable event this year. The parade will be held on Thursday evening at 6:30 instead of the usual Friday afternoon time. Local merchants are tying in with this annual event and are staying open until 10 p.m. and offering special bargains during the evening.

Also on the calendar for Thursday are band concerts by the Elba Band and Ft. Rucker bands. This immediately follows the parade. Then comes the wrestling at 7:30. This is on the East side of the square.

At 8:30 the Sound Effect, a local Rock Group will play on the South Side of the Square and the Southern Drifters, another local group, will play for a square dance on the North side of the square. All these events are free.

The City of Elba has offered free parking all day Thursday. Many of the stores will be giving away free prizes during this time. All the entertainment is free and open to the public. The merchants are rolling out the welcome mat!

SENATOR GREETING MIDSHIPMEN—Senator Jim Allen, taking a break during the halftime of the Alabama-Navy freshmen game in Annapolis, Maryland, on October 9, greets Midshipman Phil English, on the left, and Midshipman Mark Darrow, English is the son of Mr. and Mrs. H. P. Bone of Elba and received his appointment to the Naval Academy through Senator Allen.

### School Gets

### Bond Money

The Elba City Board of Education met with Mayor and City Council on October 5 and October 7, and asked for \$200,000.00 to help build a Middle School and an Area Vocational School. Bids for these two buildings were opened on September 16, and the lowest bid was \$603,000.00. The School Board only had \$400,000.00 available to build these two projects and \$100,000.00 of this was Federal matching money for the Area Vocational building. If this building is not constructed the Elba City Board will lose the \$100,000.00.

The City Officials agreed to borrow this money and pledged a portion of the one cent (1¢) sales tax to retire the debt.

The Elba City Board of Education expressed their sincere appreciation to the City Officials for their help and feel that more people will benefit from the sales tax in this way than any other way it could be used.

The contract has been let for these two buildings and they will be ready for the children at the beginning of the next school term.

**ELBA 6th GRADE 4-H CLUBS MEET**

On October 19th the sixth grade sections three, four and five met in Mrs. Nelson's room to start the 4-H Year for 1971-72. The meeting was called to order. The students chose officers and selected their projects. The officers for this room are as follows: President, Jane Kelley; Vice president, Teresa Wade; secretary, Angela Gray; reporter, Jan Ogelsby; devotional leaders, Phyllis Harralson and Vicki Smith. Recreational leaders, Susan Ham and Lala Williams; afterward we selected our projects, and the meeting was adjourned by Mrs. Virginia S. Greene.

ELBA HIGH SCHOOL HOMECOMING QUEEN AND COURT... Miss Gwendolyn Gallimore, center, will reign as homecoming queen this weekend at Elba High School. She will be attended by Susan Stokes, left; Debbie Holloway, Cynthia Knox and Judy Kelley, right.

### New Shoe

### Shop Opens

A new shoe repair has opened in Elba on Factory Street on the square next door to Mutual Savings. Owners of the business are Mr. and Mrs. Paul Alexander.

The store will feature all types of shoes, boots, purses, harness and saddle repair, with the latest in machinery. They also have on hand for sale ladies hand-tooled bags, teen age fringe bags, moccasins, belts, billfolds, saddles, tack, sandals, trapestry in all designs, shoe polishes and dyes, and a line of boys and men's sturdy shoes and boots.

The Alexander's have spent the past 14 years in business at Merritt Island at Cape Kennedy area. They presently live on a farm west of Geneva, but hope to move to Elba in the future.

Paul and Frances have two sons, James of Orlando, Fla., and Paul, Jr., who is 16. Paul is a native of Pell City, Ala., and Frances hails from Eufaula, Alabama. Their religion is Baptist. Mr. Alexander is also qualified for orthopedic work.

**KINSTON 5th GRADE 4-H BOYS MEET**

The Kinston 5th Grade 4-H boys had their first meeting on October 13, 1971. We elected officers for the year. They were: Ronney Kelly, president; Scotty Hunko, vice president; secretary, Acrola Lashley; reporter, Tim Wise; devotional leader, Marcus Wilks and Steve Weeks. Mr. Cassidy filled in for Mr. Presley. Tim Wise, Reporter.

**HOMECOMING SET AT ZION CHAPEL CHURCH**

There will be homecoming activities at Zion Chapel Church on Sunday, October 24th. All members and former members are urged to attend this event.

## Federal Judge Says Commissioners Wrong

Federal Judge Frank M. Johnson did as was expected last week and ruled that the present form of the Coffee County Commission is unconstitutional. However, rather than jumping in and MONDAY TO BE A HOLIDAY HERE

Monday, October 25 will be observed as a holiday by state, federal and county employees.

The Post Office will be closed all day as will the Coffee County Courthouse. Postmaster Robert Cooper noted that there will be no mail delivery on the holiday, nor will there be any window service at the post office. The usual holiday receipts and dispatches of mail will be observed with receipt of mail from Dothan at 7:30 a.m. and dispatches to Dothan at 9:30 a.m. and to Evergreen at 10 p.m.

Probate Judge James Sawyer noted that all elected county officials had asked the Commissioners for permission to consider this date a legal holiday with all offices being closed during the day.

**WILLIE'S WITT**

One of man's greatest faults is not being able to recognize his faults.

OPEN HOUSE was held last week at the Elba Elementary School. Parents were invited in to view the facilities and to confer with teachers about the progress and problems of their children. A large number of parents took advantage of the opportunity.

### REMEMBER WHEN

#### 30 Years Ago

OCTOBER 23, 1941

More than two hundred head of hogs sold at the Elba Livestock Sale Monday with tops going at \$8.25 per hundred compared to \$8.00 at other nearby markets on same day.

There will be an old-fashioned square dance at the Talbot home on the Elba Victoria Highway tonight (Thursday, October 23). Everybody is invited.

Mrs. William Bullard, Mrs. C. Y. Martin, Mrs. F. H. Talbot, Mrs. C. B. McDowell, Mrs. G. M. Prescott and Miss Mary Elba Prescott were Dodan visitors on last Friday.

The Violet Rainer Circle met Monday afternoon at 3:15 o'clock with Mrs. Dozier Roberts.

Announcement is made in this issue of the dis-

solution of Redmon-Nichols Motor Co., local Ford dealers, and that Mr. Bert Redmon will continue to operate the business in Elba under the name of Redmon Motor Company.

The location of the NYA Intake Office will remain in the Elba Courthouse, in the main court room. All youths between the ages of 17 and 24, inclusive, out of work and out of school, may apply for work experience at their earliest convenience.

SGT. HILLARD  
RECEIVES MEDAL

Staff Sergeant Hillard W. Drewery, son of Mr. and Mrs. F. D. Drewery, Rt. 4, Elba, Alabama, has received his second award of the U. S. Air Force Commendation Medal at

#### 20 Years Ago

OCTOBER 18, 1951

Elba's new fire truck arrived from Birmingham Friday evening and the firemen lost no time in taking it out for a demonstration.

A parade will give homecoming festivities a rousing sendoff Friday, Oct. 19 at 1:30 in the afternoon. Martha Jean Padgett will be crowned "Queen of 1951 Homecoming" by Johnny Farris, captain of the Tiger squad.

Mr. and Mrs. George Hocutt and little daughter of Birmingham visited Mrs. Hocutt's parents, Mr. and Mrs. Flournoy Whitman last week.

Bien Hoa AB, Vietnam. Sergeant Drewery, an administrative specialist, was decorated for meritorious service at Sheppard AFB, Texas.

He is now at Bien Hoa where he serves with a unit of the Pacific Air Forces.

Students home from S.T.C. to attend the Elba and Enterprise football game were Joanne Thomason, Freddie Rainer, John Morrow, Will Harper, Martha Rainer, Carolyn McDowell and Buddy Windham.

The Y.W.A.'s of the Baptist Church met Monday night, October 15 at the home of Miss Danette Bowdoin.

Probate Judge J. O. English and his staff appealed to all persons this week to apply for their state and county privilege licenses or store licenses before the deadlines become effective. A penalty is levied for all late comers.

Mr. and Mrs. Sam Jones, 1212 Culbertson, SW, Ardmore, Oklahoma.

## 1971 Homecoming Nominees

Five of these girls, will be selected to represent their grade on the Homecoming Court. There will be one freshman, one sophomore, one junior and one senior attendant. The Homecoming Queen

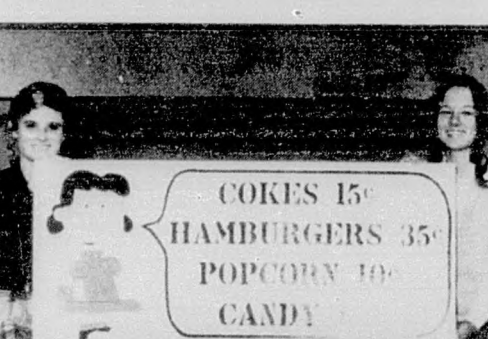

also will come from the senior class. Nominated from the freshman class are Susan Stokes, Rhonda Holland, and Gloria Hammonds. From the Sophomore Class are Judy Kelley, Billye Faye Scott, and Debbie Dutton. The junior class nominated Glenda Kelley, Debbie Holaway and Martha Rogers. The Seniors nominated Lyn Marsh, Gwendolyn Gallimore, Jane Kidd and Cynthia Knox.

## Impressions Of A Band Member

Well, here I am on Friday afternoon before the Enterprise ballgame. I'm 150 in their band. "Oh well, you can't win 'em all. . . I can't get on the buses. . . I can't find my bus. . . Hold it down to a quiet riot, okay. . . Some how I get the feeling this bus isn't gonna make it to Enterprise. . . I wanted to sit in the back. . . DROP DEAD! . . . If the front of the bus would only yell with the back of the bus. We're almost there. . . I'd better start getting ready. . . Where are my shoes? I can't find my hat. . . I've got the wrong overlay. . . Puleze don't step on my white shoes. . . Everybody get a plume. . . Mine looks like a propeller. . . It sticks out in every direction. . . There they go marching in. There sure are lots of 'em! They sure do make a lot of noise!

3 minutes 36 seconds till half-time. . . I wish my knees would quit knocking. . . I'm scared to death! Well, here we go. . . AAUGH! . . . MARK-TIME MARCH! . . . I don't think I can stand it. . . Listen to the applause. . . but I wonder if Mr. Hickman likes it. . . There sure are lots of 'em! . . . They sure do make lots of noise! . . . Gosh, I've never been so exhausted in my whole life. . . I picked up my feet so high I nearly knocked out my teeth. . . And I remembered my horn flash! I wonder if he noticed. . . but he never notices when I do it right. . . Here he comes. . . He looks happy—but there sure were lots of 'em! They sure did make lots of noise! . . . "It was a really fine show. . . I wouldn't trade ya'll for them anyday. . . Let's go to 'The River'. . . Now nobody could tell me that doesn't make it all worthwhile!

## Beta Club Holds Meeting

The Elba High Chapter of the National Beta Club held its monthly meeting October 12, 1971 in the library. The meeting was called to order by the President, Warren Walker. Roll was called by the secretary Myrna Thomas. Minutes of the last meeting were read and approved. The main concern discussed was the Beta Club's activity concerning Homecoming. The committee for getting a car for Homecoming reported a car would be decorated for the officers to ride in. Volunteers for the concession stand at the Homecoming ballgame were asked for. Those volunteering were: Ann Martin, Mike Capps, Jack Smith and Debra Willis. A report from the committee to see about the flag raised at the ballgame reported that Mr. Foley said he would see about having one raised. With no other business the meeting was adjourned.

## FHA Selling Money-Saving Cookbooks

The 115 Elba FHA members will be selling cookbooks in this area, until November 1st. This money-saving cookbook is a collection of home economics teachers' favorite recipes. The new money-saving cookbook contains many exciting features. Included are many pictures of taste - tempting food dishes and exciting serving suggestions. There are clear "how-to" ideas for garnishing and decorating. In the cookbook there are 600 favorite low-cost recipes—each recipe actually home-tested and family-approved by the home economics teacher who submitted it. There are also 200 best money-saving food ideas which includes ways to save money on food shopping, preparation, serving and storing. The proceeds from this sale will help finance the furnishing in the new home economics building. If you have not been contacted yet,

## Past Queen Interviewed By EHS Report Editors

Lovely Beverly Rainer who now attends the University of Alabama, was asked to share some of her experiences and opinions of her homecoming in 1968. Here they are:

Q: What was your greatest excitement during homecoming?

A: To those the most exciting event from the many festivities of homecoming is rather difficult. The coronation ceremony, the parade, and even working on the float were all a lot of fun. I suppose the greatest excitement to me, as for most EHS students, was the ballgame. Whether the game is won or lost, the spirit of homecoming makes that game special.

Q: How did it feel to know that you had been selected by the student body to represent them as homecoming queen?

A: "It is hard to adequately describe my feelings about it. That honor means more to me than any I have ever or could possibly receive because of the people who gave me the honor. . . until I was elected queen. . . I did fully realize how much the students of Elba meant to me and how proud I was to be a part of that student body."

Q: What person would you consider helped you the most?

A: "It would be impossible to limit my appreciation to one person because so many people worked so hard. Much credit is due the sixteen sponsors who did such a

good job of coordinating the activities of the week. Neither could I forget all the work the seniors so willingly put into the queen's float. I am also very grateful to my father for designing and helping construct the float."

Q: What was your biggest disappointment during homecoming?

A: "Though it was somewhat disappointing that the rain spoiled the float which the coronation ceremony, everyone had worked so hard on the greatest disappointment was that we lost a lot of fun. I suppose the greatest excitement to me, as for most EHS students, was the ballgame. Whether the game is won or lost, the spirit of homecoming makes that game special."

Q: How did it feel to know that you had been selected by the student body to represent them as homecoming queen?

A: "It is hard to adequately describe my feelings about it. That honor means more to me than any I have ever or could possibly receive because of the people who gave me the honor. . . until I was elected queen. . . I did fully realize how much the students of Elba meant to me and how proud I was to be a part of that student body."

Q: What person would you consider helped you the most?

A: "It would be impossible to limit my appreciation to one person because so many people worked so hard. Much credit is due the sixteen sponsors who did such a

## Swinging '16'

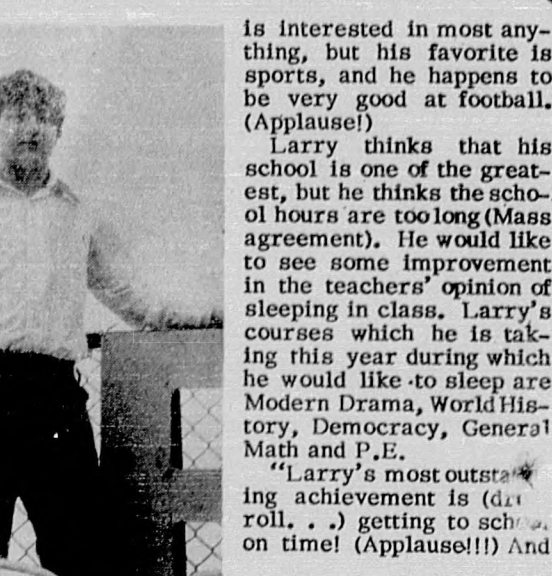

Melanie Carnley shows that you can still have children's fun at school. Melanie had her sixteenth birthday Tuesday, October 12. She chose Melanie to represent all of us in the tenth grade who have turned sixteen already or will be sixteen in the near future. She is the active president of the Elba Action 4-H Club, FHA, Beta Club, Mu Alpha Theta and Jr. Music Club. As you can see Melanie really gets around! She also plays a saxophone and is second leader in the Elba Marching Tigers. Melanie is a member of the First Baptist Church and her parents are Mr. and Mrs. Fleetwood Carnley.

## Band Boosters Support The "Band Stand"

In case anyone has been wondering about the concession stand under the stadium, it belongs to the Band Boosters. These band parents sacrifice seeing the ballgame to earn money for the band. Much of this money will go toward the Band Dance and a trip to a marching concert in Pensacola in the spring. The "Band Stand" will take on a new look beginning with the homecoming game. I've really been working hard on this, so I want everyone to come down to buy something. And remember: Support your Marching Tiger! Visit the "Band Stand." It's about time for us to recognize the protection of the law is for the innocent, not the guilty.—Joe K. Hildebre, Southwest Virginia Enterprise.

## SENIOR OF THE WEEK

is interested in most anything, but his favorite is sports, and he happens to be very good at football. (Applause)

Larry thinks that his school is one of the greatest, but he thinks the echo of hours are too long (Mass agreement). He would like to see some improvement in the teachers' opinion of sleeping in class. Larry's courses which he is taking this year during which he would like to sleep are Modern Drama, World History, Democracy, General Math and P.E.

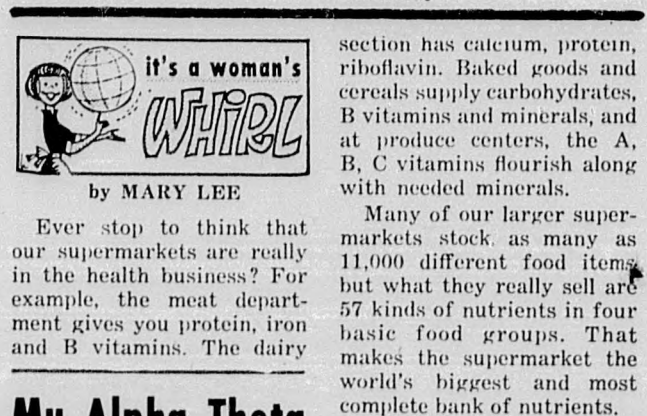

"Larry's most outstanding achievement is (a) roll. . . I getting to school on time! (Applause!!) And he is a member of the E Club and the 4th Quarter Club."

"So we congratulate you and the honor you received by being elected 'Senior of the Week' by the student body! (Standing Ovation) (Applause)

## EHS Junior Class Holds Meeting October 13

The Junior Class of Elba High School met in high school auditorium October 6 and October 13. They elected the following students as officers of their class: Don Rhodes, president; Rick Nicholson and Albert Tyson, first and second vice-presidents; Tim Bullard, Secretary; and Glenda Kelley, Treasurer. James Williamson was elected at large to represent the Junior Class in the Student Council.

## Mu Alpha Theta Held Meet October 7

The Elba High School Mu Alpha Theta Club met Thursday October 7 in the auditorium during homecoming. Business consisted of a brief discussion of plans for an entry in the Homecoming Parade and also a discussion about making program booklets for all members. A vote in favor of the booklets was taken. The program committee was responsible for the members to work. This proved very fun and for many very frustrating! One of the lightest and strongest spin-offs from space research is Union Carbide's graphite yarn that is now being used to produce prototypes of what may be the world's lightest (2.6 lb.) and first computerized golf club. The shaft of the club, which is a product of Shaker Company, is made with Thorne graphite yarn. The yarn has a tensile strength of 400,000 pounds per square inch.

## Miss Dianne McCollough To Marry Lon Jones

Mr. and Mrs. Billy Paul McCollough announce the engagement and forthcoming marriage of their daughter, Dianne, to Lon Edward Jones, son of Mrs. Laura E. Jones, of Elba. The wedding will take place November 12, 1971 at 7:00 in the evening at Victoria Baptist Church. Invitations are not being mailed locally, but all friends and relatives are cordially invited to attend.

## THREE POSITIONS OPEN IN ECONOMIC DEVELOPMENT

The Southeast Alabama Community Development Corporation (SACDC) is soliciting applications for the positions of Industrial Engineer, Marketing Specialist and Clerical Typist.

QUALIFICATIONS:

Industrial Engineer: Must have a degree in Engineering from an accredited institution; Must be willing to live in impact area. No experience necessary.

Marketing Specialist: Must have a degree in marketing from an accredited institution; Must be willing to live in impact area. No experience necessary.

Clerical Typist: Must be able to type 60 or more correct words per minute. Good spelling and grammar usage required. At least one year clerical experience required.

The SACDC operates an investment and economic development program in Pike, Coffee and Bullock counties.

All interested persons come by 100 East Academy Street, Troy, Alabama for more information.

(An Equal Opportunity Employer)

## COFFEE NEWS & CHAT

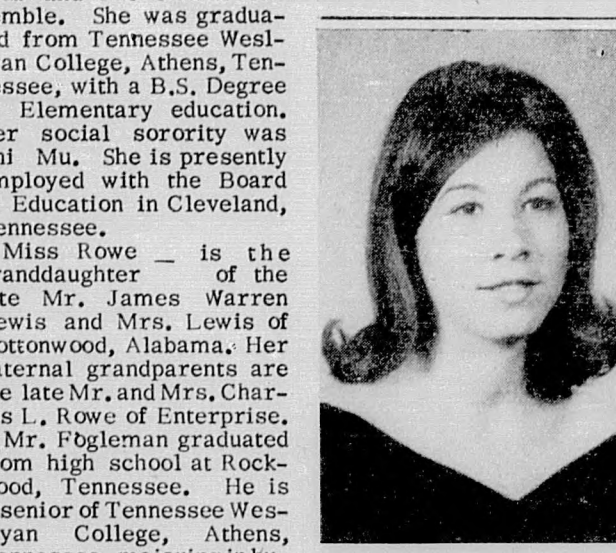

BY SARA E. HUTCHINSON

ADVERTISERS MUST SUPPORT CLAIMS. There may be a change in the type of claims you see and hear in advertising from now on. Federal Trade Commission changed their policy and declared that advertisers must have proof to support their advertising claims. This is a bold step to crack down on misleading statements about a products safety, performance, quality and comparative price. Automobile manufacturers were the first group asked to submit proof of advertising claims to the FTC. Documentation was requested for ads saying such things as "our car is 700 percent quieter," "81 ways different," "it delivers up to 25 miles per gallon of gas."

In the past, the FTC had the responsibility of proving the truthfulness of advertisements. But the new policy puts the burden of proof on the advertiser, who may be asked to substantiate claims. Advertisers may also be asked to confess in future ads that past promotions were deceptive.

The FTC proposed that nutritional claims made by a certain fruit drink and a bread be publicly rescinded by the advertisers.

## Couple Plan November Wedding

Mr. and Mrs. J. L. Harper of Route One, New Brockton announce the engagement of Mrs. Harper's daughter, Pamela Sue Dannelley to David Ernest Bond, son of Mr. and Mrs. E. H. Bond of Luvaine, Alabama.

Miss Dannelley is a 1971 graduate of New Brockton High School.

Mr. Bond is a minister of Jehovah's witnesses and is also employed in Luvaine.

The wedding ceremony is planned for November 25, 1971. The wedding will take place at 2:00 p.m. at the Kingdom Hall of Jehovah's witnesses on the New Brockton-Elba Highway.

No formal invitations will be sent, but all friends and relatives of the couple are invited to attend.

THE WAY OF NATURE: Did you ever wonder just how the leaves change their colors? The season of changing leaves is once again upon us. Many people consider this Nature's most beautiful time; when the leaves of many trees change from restful green to vivid reds, purples, oranges and yellows. Contrary to popular opinion, neither frost on the pumpkin nor the coming of Jack Frost days is the real reason that leaves start to turn. Colors are caused by chemical changes in the leaves as daylight hours shorten and temperature becomes cooler. Leaves stop their production of chlorophyll whose green color all spring and summer has masked other colors in the leaves. Now, as the green disappears, the yellow and orange pigments become visible. The brilliant reds, such as sugar maple, flowering dogwood, and red oak are caused by sugars produced in the leaves during the warm days which are trapped there by cool chemical change in the nights.

Only a few regions in the world are fortunate to have the right conditions to produce the fabulous color displays. The eastern United States and southern Canada are perhaps the most favorable. Now, as the green disappears, the yellow and orange pigments become visible. The brilliant reds, such as sugar maple, flowering dogwood, and red oak are caused by sugars produced in the leaves during the warm days which are trapped there by cool chemical change in the nights.

AUBURN COOKBOOK. Rice is still more popular than cornbread in Japan, but that may not be true long. For, thanks to the AUBURN COOKBOOK, a popular Auburn University Extension Service publication, southern food is getting a boost in the land of the rising sun. The cookbook has been translated into Japanese and is being sold throughout Japan. It all came about as a result of a visit to Auburn University by Mrs. Toshiko Toyoda of Los Angeles in 1964. During her visit, Mrs. Toyoda received a copy of The Auburn Cookbook, which was first compiled by the Extension Service in 1924. Mrs. Toyoda, a native of Japan, later selected the cookbook for translation into Japanese.

## Win a new Buick Skylark at American Oil Dealers

## Enrollment Increased At E.S.J.C.

For the sixth consecutive year enrollment at Enterprise State Junior College has increased with 1619 enrolled for fall quarter 1971. Dean of Admissions Tommy Guthrie announced today.

"This is a six-fold increase over the first class in 1965 and a 10% increase over the 1970 enrollment of 1387," Guthrie stated. Enrollment figures released by Guthrie include all students enrolled in day and evening college level courses and day and evening short courses.

On a full-time equivalency basis, which equates total numbers of hours spent in class by all students to a full-time equivalency of 12 quarter hrs, the figure for 1971 is 1140 compared to an FTE in 1970 of 1028. An increase of 10%.

ESJC started in 1965 with an enrollment of 263 and has shown an increase each year since. "We feel that the continued increase in enrollment at Enterprise State reflects the confidence of the community served by the junior college," B. A. Forrester, president, said. "We are striving to give quality education at a reasonable price and to respond to the community needs with vocational type training and short courses," Forrester added.

Joe Talmadge, Dean of Instruction, said that most classes are full this quarter. As to the future, he said, "We will adjust our schedule for future quarters to make better use of the facilities available and thereby take care of any future expansion."

## ASC Committee Election

### Details Released

Full details are now available to Coffee County farmers on the upcoming election of ASC Committee-men says Leon Weeks, Chairman of the Coffee County Agricultural Stabilization and Conservation (ASC) Committee.

ASC Committee committee-men elections this year will be held December 1, 1971, at the county office not later than close of business October 27.

Procedure for nominating a candidate are simple; 1. One nominee to each petition. 2. Petition signers must certify that he will serve if elected; 3. Three signatures of eligible farm voters are required; 4. Petitions must be in the County ASC Office on October 27.

There is no limit on the number of petition farmers may sign. "For more than 35 years the farmer-elected ASC Committee system has functioned under democratic principles. These grassroots committees are comprised of farmers who live and work in the area," Weeks said.

"If the system is to be real effective, not only must dedicated farmers be willing to serve on the committees, but all Coffee County farmers should be willing to nominate and elect responsible people to fill the committee posts," he added. He explained that after the community committees are elected, three delegates from each newly-elected committee attend a county convention to fill vacancies on the County ASC Committee. The County Committee makes all local farm program decisions and works with Community Committees in carrying out various ASC programs, ASC's programs

In Coffee County are: Crop-land Adjustment Program, Rural Environmental Assistance Program, Feed Grain and Wheat Program, Acreage Allotments and Marketing Quotas on Peanuts and Cotton, Commodity and Storage Facility and Drying Equipment Loan Program.

A farm owner, tenant, or sharecropper, 18 years old or older, is eligible to vote if he can participate in any ASCS program administered in the community where his farm is located. If he is not of legal voting age, he may vote in the ASC election if he supervises and conducts the farming operation on an entire farm.

Mr. Weeks said that any farmer who has not received a ballot by November 24th should apply for one at the County Office. A list of known eligible voters in Coffee County is available for inspection at the County ASCS Office located in the Municipal Building, New Brockton, Alabama.

Full details on voter eligibility, nomination by petition, community boundaries and other procedures available at the County ASCS Office, Mr. Weeks said.

## Nancy Brock Has Unique Year At University

Varley and new experiences are integral parts for a unique year at the college life and Nancy Brock of Elba has com-

As a participant in a new internship program, Nancy works under Dr. Thomas Diener, director of the Institute for Higher Education Research and Services. In conjunction with this, she and Dr. Diener represented the University of Alabama at a Workshop on Black-White Education Cooperation held at Stillman College.

According to Nancy, "The meeting at Stillman College was actually a Basic Skills Workshop, its main purpose being to discuss ways to motivate 'high-risk' students" (Students of poor academic background who would be most likely College Drop-outs) in the learning of correct grammar in speaking and writing."

The internship program in which Nancy participated was begun last year and fifteen students were selected to "intern" in different administrative areas. The basic for choice was experience in student government, interest in higher education and ability to work with faculty and students.

But her interest are by no means isolated. As an anthropology major, Nancy was one of four girls in a Field Archaeology course "digging" at Moundville last summer. The excavations, done under the direction of David DeJarnette, revealed five burials over four hundred years old.

Contributing to her development as a well-rounded student and illustrating the variety is her interest in Creative Writing, which is her minor course of study. She is also a member of Alpha Xi Delta Sorority where she serves as Quill Board (standards) Chairman and has been Activities Chairman and Associated Women Students Representative.

Presently she is Assistant Office Manager for the Corolla, University of Alabama yearbook, a member of Chi Delta Phi, English honorary, and listed in Who's Who in Greek Sororities and Fraternities.

Daughter of Mr. and Mrs. Ben Brock, Nancy, a senior, entered the University in 1969 on a French Scholarship.

## Jeff Nunn Turns '2'

Jeffery Wayne Nunn is caught right in the middle of enjoying his very happy second birthday October 7, Jeff, the son of Sgt. and Mrs. Ronnie Nunn, resided in Elba with his parents. His daddy is presently serving with the Marine Corps and is stationed at Maxwell Air Force Base, Montgomery. His mommy is the former Diane Vaughan, of Elba.

He is the grandson of Mrs. Mary Vaughan and Mr. James Vaughan and Mrs. Maureen Nunn and Mr. Cecil Nunn, all of Elba.

## Elba Study Club Enjoys Recent Meeting

The Elba Study Club met in the home of Mrs. Kirk Allred with Mrs. Oswell Dowling as co-hostess.

Mrs. T. D. Kendrick presided over a short business meeting in the absence of President Jeanette Garrett, who is touring Japan. The announcement of the District meeting to be held October 21, in Florida was made, urging all members to please attend. Mrs. Durrell Hudson was elected as a new member. The group voted to make a contribution to the East Coffee County Red Cross.

Mrs. Duke Tatum gave a most interesting program on the history and current events of Ireland. A delicious desert plate was served to the following: Mrs. C. O. Allred, Mrs. W. C. Braxwell, Mrs. Fox Brunson, Mrs. John Brunson, Mrs. J. R. Clark, Mrs. T. D. Kendrick, Mrs. J. M. Kimmey, Mrs. J. D. Lowery, Mrs. F. H. Murphy, Mrs. Price Ringo, Mrs. Duke Tatum, Mrs. W. H. Taylor, Mrs. Will Vaughan, Mrs. W. P. Windham and a guest, Mrs. James Rollins of Enterprise and the hostesses.

## Terrells Are Parents Of Baby Boy

Dr. and Mrs. Roland Terrell of Jacksonville, Florida, announce the birth of an 8 pound son, James Morrow, on October 5th. Mrs. Terrell is the former Sue Morrow, daughter of Mrs. L. P. Morrow, Sr., and the late Mr. L. P. Morrow, Sr., of Elba.

## Elba Music Lovers Hold October Club Meeting

The October meeting of the Elba Music Lovers' Club was held in the home of Mrs. Bill McCollough with Mrs. Price Ringo serving as co-hostess.

The members were served a delicious dessert plate with coffee as they assembled. Mrs. Jack Padgett called the meeting to order and led the club in reading the collect. An inspiring devotion was given by Mrs. Robert Lee.

The program for the afternoon was presented by Mrs. Kasper Anderson and Mrs. Bill Hickman. They played recordings of the various songs of the times starting with the 1900's and ending with the present. They told something of the different periods that made up the types of music such as Ragtime, Jazz, The Big Bands, The Sentimental 40's, the Latin-American Sound of the 50's and the Hits of Today.

At the conclusion of the program the club sang the hymn of the month. Mrs. Jack Padgett presided over a short business session.

The roll was called and the minutes were read of the previous meeting.

zy Butts, Mrs. Cecil Prescott, Mrs. Robert Davis, Mrs. Jack Padgett, Mrs. Bill Hickman, Mrs. Kasper Anderson, Mrs. Randy Griffin, Mrs. E. M. Watt, a visitor Mrs. Jimmy Kirkland, and the hostesses.

By Tom Cassidy, County Extension Chairman

PEANUT YIELDS Checks of peanut yields to farmers in Covington County, County Agent W.H. Kinard asked some questions and then gave some comments. "Why was this? Why did it happen? Let me try to analyze this record yield and see if you agree: First - We had 'peanut weather'. Certainly we will have to put this first. Second - Better varieties. In my opinion the Florunner and Flori-giant peanuts will make us more pounds per acre than any other variety we know of at the present time. Third - Better disease control. New materials are being put on the market to combat leafspot and other disease. Fourth - (And certainly not last) YOU."

GATFISH DINNERS Wednesday I was visiting in the Zion Chapel community and had the chance to talk with Mrs. Sylvia Lowery, the librarian at Zion Chapel High School. She was telling me about Rex Lowery's restaurant which is nearing completion. I haven't seen it lately, but it is going to be a very fine facility for that community. In fact, I am looking forward to eating catfish there just as soon as he opens it.

Rex Lowery has worked harder than a man in a hat in developing the catfish

industry in the county. He has been buying fish from some of his neighbors for a number of months.

PEANUT YIELDS Checks of peanut yields to farmers in Covington County, County Agent W.H. Kinard asked some questions and then gave some comments. "Why was this? Why did it happen? Let me try to analyze this record yield and see if you agree: First - We had 'peanut weather'. Certainly we will have to put this first. Second - Better varieties. In my opinion the Florunner and Flori-giant peanuts will make us more pounds per acre than any other variety we know of at the present time. Third - Better disease control. New materials are being put on the market to combat leafspot and other disease. Fourth - (And certainly not last) YOU."

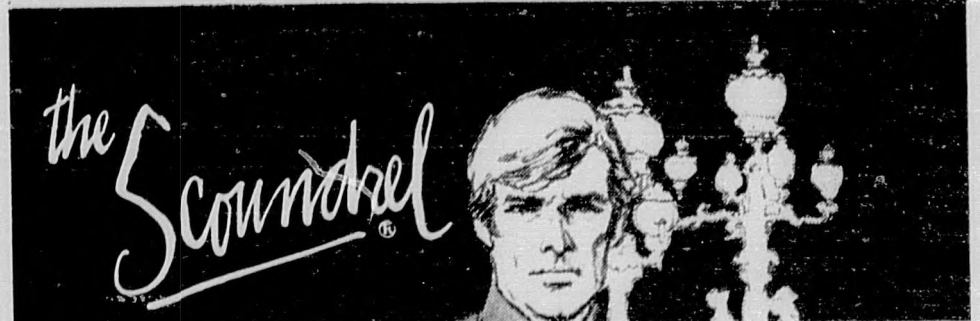

SQUIRREL HUNTING Squirrels' bags have proved the hunter armed with shotgun will kill more squirrels than the rifle shooter. However, a sportsman who uses a rifle usually considers it more sporting to bag his game with one bullet than with a load of small shot.

Squirrel hunters could check under hickory, oak, beech trees for freshly cut nuts. This activity indicates concentrated feeding areas. The veteran squirrel shooter knows, too, that if he lets one squirrel frolic about freely, it may lure more squirrels from concealment.

SOYBEANS I saw some soybeans on several farms in the Kinston area, and it appears that we have a pretty good crop made. Where crop land is limited, we do not recommend that a man try to grow both peanuts and soybeans. This will keep a peanut grower from rotating as he should. We think an acre of peanuts is much more valuable than an acre of soybeans.

However, for people who have the land soybeans appear to be a coming crop. The most critical thing in soybean production is rainfall at the right time. Some folks feel like they can

## IT PAYS TO ADVERTISE

now... shaped for the man in the Bristol collar

cal association. "I believe the money we spend on DHIA records will be the best we can invest in our business," said Parrish of Enterprise, Rte. 1. "A dairyman, as with any businessman, must know what is coming in and what is going out if he is to be successful. The DHIA program furnishes dairymen with complete herd records, including feed used, production of cows, breeding records, as well as many other important details that most dairymen won't keep up with unless they are enrolled on the program," Parrish said. Parrish and Speed believe other county dairymen will soon enroll in the program.

coffee County Dairyman Robert Parrish, Rte. 1, and Extension Farm Agent J.R. Speed believe the Coffee County Dairy Herd Improvement Association (DHIA) that was organized in August will be a big asset to county dairymen. The two are shown as they analyze the records of Parrish's 100-cow all-Guernsey dairy that he operates with his partner, Charles Dalrymple. Speed said that Parrish was one of five charter members of the lo-

make more money in following wheat with soybeans rather than grain sorghum with soybeans. However, each farm is unique and many of these crops can be profitable.

## Services Held October 20th

### For Mrs. Gatlin

Mrs. Alice Gatlin, age 69, died Tuesday October 18th. Funeral services were conducted Wednesday, October 20th at 11:00 from the Church of God in Elba.

Survivors include: Her husband, Mr. Jeffie Gatlin, 1 daughter, Mrs. Alice Faye Merritt; 3 sons, Talmes, Lewis and Alma Graves and 10 grandchildren.

PVT. GARRY D. CREECH  
COMPLETES BASIC

Army Private Garry D. Creech, 18, son of Mrs. Emma J. Creech, Kinston, Alabama, recently completed eight weeks of basic training at the U. S. Army Training Center, Armor, Ft. Knox, Kentucky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Pvt. Creech is a 1971 graduate of Kinston High School.

His father, Freddie Thomas, Joseph Wayne Maddox, Claude Collier, James Reddock, Hugh Davis, Milner Smart, John Daniel Burch, Edd Marshall, Ronnie Hammond, Ricky Marshall, Louis Mauldon, Doyle Hudson, John Frank Burkett, James Vaughan, Wilbert Hall.

## GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

For Variety... Swiss Cheese Sauce

The gardener's best vegetables are worthy of fine dressings and sauces. For variety, make a different cheese sauce—one made with Swiss cheese and flavored with herbs. Cauliflower is good baked in it or spooned over cooked cauliflower.

Cauliflower in Cheese Sauce  
1 medium head cauliflower, broken into florets  
2 tablespoons margarine  
1/4 teaspoon corn starch  
1/4 teaspoon dried rosemary leaves  
1/4 teaspoon dried tarragon leaves  
1 cup milk  
1 cup grated Swiss cheese  
1 egg yolk, slightly beaten

Cook cauliflower in boiling salted water 12 minutes or until tender-crisp. Drain; reserve 1/2 cup liquid. Place cauliflower in 1 quart casserole. Melt margarine in saucepan over medium heat. Stir in corn starch and herbs. Remove from heat. Gradually add milk, stirring until smooth. Mix in reserved liquid and 1/4 cup cheese. Cook over medium heat, stirring constantly, until cheese melts. Mix a little hot mixture into egg yolk, then stir into hot mixture in saucepan. Cook, stirring constantly, about 1 minute. Pour over cauliflower. Sprinkle with remaining cheese. Bake in a 400 degree F. (hot) oven about 10 minutes. Makes 4 to 6 servings.

## FHA Financing Non-Farm Business

Many farmers have talents and skills to operate nonfarm enterprises but have failed to do so due to a lack of adequate financing. This has been found to be true when discussing credit needs with farm families applying for farm ownership loans.

It is now possible for many farmers to supplement their farm income and increase their family income by financing nonfarm enterprises through the Farmers Home Administration. This will enable many low income farmers to further develop their talents and skills. Any legitimate business enterprise may be established, improved or enlarged on the farm if there is a demand for it and the farmer is able to manage it in conjunction with his farming operation.

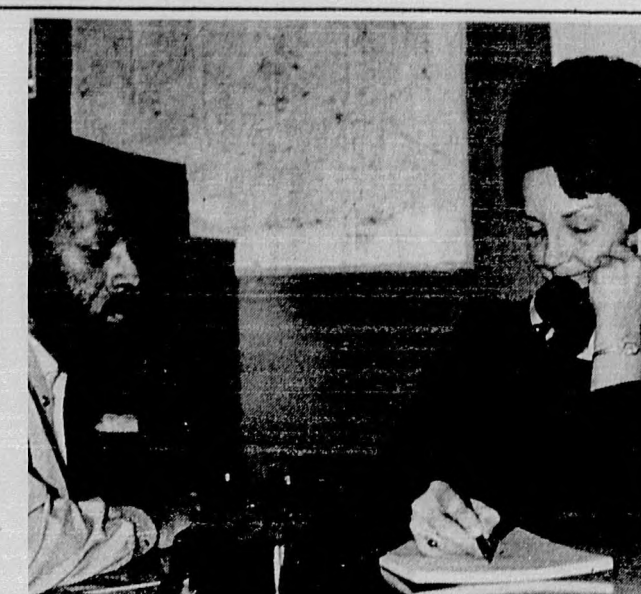

The number of business enterprises that could be developed on the farm to supplement the farm income is as limitless as one's imagination and may be developed if found to be sound and profitable. Farm ownership-nonfarm enterprise loans may be made for many different enterprises including the following: Repair Shop (auto, farm machinery, small engines, radio-TV, appliances, etc.), Shops (antique, barber, beauty, upholstery, furniture, etc.), Sales and Service (hand-scaping, accounting, fish bait, fire wood, custom storage and moving, trailer, parks, etc.), and Recreation Oriented (fishing and hunting, camp grounds, cabins, horse stables, vacation sites, etc.).

Loans for the purchase, improvement and development of real estate are repayable at 5% interest over periods up to 40 years and are available to applicants unable to obtain sufficient credit elsewhere at reasonable rates and terms.

## Deadline Nears For Purchase Of New Licenses

Probate Judge James L. Sawyer reminded county business that the deadline for purchasing state and county privilege license is Friday.

Sawyer noted that if a business license was purchased after the deadline state law requires the Probate Judge to assess penalty.

A CALL TO MINOT... Mrs. J. L. Weeks of New Brockton, Ala., puts a telephone call through to Minot (N.D.) Air Force Base to inquire about the housing there for Staff Sergeant James E. Head of (900 Daleville Ave.) Enterprise, Ala. The sergeant's next assignment is at Minot. Mrs. Weeks is an employee in the Housing Referral Office at Ft. Rucker.

## Red Cross To Sponsor Horse Show Saturday

The local Red Cross chapter will sponsor a place trophy in each and a high point trophy in both the Junior and Senior divisions. These high point trophies are now on display one at each of the local banks.

## Questions and Answers

Q. I will be getting married this month. Since I will be protected as the wife of a worker covered by social security, why do I have to contribute?

A. When you are ready to retire, you might qualify for higher cash benefits based on your own eligibility and earnings record. During your working years, you and your children could receive disability benefits based on your work record. And, if you should die while your children are still young, they could receive monthly survivors benefits based on your record.

Q. I am retired and receive monthly social security benefits. I am planning to spend next year visiting my children, who are scattered all over the country. What should I do about getting my benefit checks?

A. We suggest you visit your Post Office and arrange for the checks to be forwarded. It would be best to settle on one or two addresses that will be most convenient for you, rather than try to change your address every month or so. If you later decide to move permanently, notify social security of your new address.

Q. I work in a day care center operated by my church. Since my work is not covered under social security, I do not pay contributions to the program. Can I voluntarily pay into social security so I will be able to get monthly benefits at 62?

A. No. You cannot voluntarily contribute to social security to build up credit toward benefits. There is a way for employees of non-profit religious organizations to get social security coverage. For full details, contact any social security office.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

Over 150 million social security numbers have been issued since 1896.

ENTERPRISE -- Winners in the seventh annual Enterprise State Junior College Beauty Review Thursday night, October 21, 1971. Miss Shawn McCarty, Enterprise, center won the Miss ESJC title; Miss Christie Craig, Ozark, right, won first runner-up and the cherished Miss Congeniality Award; and Pat Hatcher, left, Elba, won second runner-up.

## Hunger March, Is Scheduled For Saturday

A Hunger March sponsored by the youth of Elba will be held Saturday, November 6 at 10:30 a.m. The purpose of the march is to raise money for the needy people of Elba and overseas. Half of the money will go to the Youth Service Fund to be distributed to needy people of the world.

This project is interdenominational and everyone is invited to participate. Each person participating should ask at least one person (more if possible) to sponsor them for each mile they walk. Sheets will be issued for your sponsor to sign. Everyone is required to walk five miles and anyone who wishes may walk more.

The marches will walk in groups of five or fewer in order to abide by the city's safety regulations. The route will be mapped or major highways passing through Elba.

We hope this march will be the success that we know it can and has been in other places. If you are interested in placing contact Bunny Cox (897-2508) for further information.

## HOMECOMING FLOAT WINNERS

The Junior class float won the prize as best float in the homecoming parade last Thursday night. Placing second was the queen's float and third was the Vikings football team.

Queen Gwendolyn Galtmore crowned by Joe Prior

Queen Gwendolyn Galtmore crowned by Joe Prior

## Reasonable Timetable Is Industry's Answer To Pollution Control

"Industry will spend \$1.6 billion this year on new water pollution control facilities plus hundreds of millions of dollars worth of water pollution facilities already in place," according to Dr. J. William Haun, vice president and director of engineering, General Mills, Inc.

Dr. Haun, who testified on behalf of the National Association of Manufacturers before a Congressional committee considering the imposition of national water control standards, said that "the greatest practical gains in industrial pollution control have come about through cooperation between industrial companies and regulatory officials in working out effective programs based upon reasonable timetables."

The momentum of pollution control has been achieved under the Water Quality Act of 1965 should not be interrupted by "a flurry of new and unwarranted legislation," the NAM witness said.

Rather than national standards, he advocated regional effluent standards.

## Commissioners Announce Building Plans

The Coffee County Commissioners announced Monday of this week the plans to construct a half million dollar office complex in New Brockton. The building will be financed partially by a \$350,000 grant from the federal government. Final approval of the grant will be received from Washington on or about December 1.

This special grant is from the Economic Development Administration under the Public Works

Impact Program. Approval has already been received by the regional office in Huntsville, Alabama. According to Probate Judge James Sawyer, the unemployment criteria of the county made it possible for Coffee County to obtain this grant. The purpose of the grant is to create work in counties where the unemployment rate is excessively high or has made a sudden jump, as in Coffee County.

The buildings will be located on a 38 acre tract of land in New Brockton. It is across the highway from the National Guard Armory and is being purchased from the estate of the late Mrs. J. B. Moore for \$750 per acre.

Officials planned for the new complex are Extension Service (county agent) Soil Conservation Office, Farmers Home Administration, ASCS office, Veterans Service Office, Fish and Game Commission, County Engineer,

Forestry Division and others.

Also to be included would be a Farm Center Complex with a seating capacity of approximately 2,000 to be co-located at the site. This would include a 60 x 120 foot arena with dirt floor for holding cattle shows. Representative of the news media and heads of the offices involved were present at the called meeting of the commission. The department heads present were asked to comment on the project. Extension chairman Tom Casaday called it "a dream come true." FHIA director Bill Ray noted that the present blueprint did not give his department enough room (the designers quickly went to work and changed that).

Judge Sawyer noted that the county is currently paying \$440 rent on space for the offices in this plan and is not located in either of the courthouses and still in many cases, there is not enough room for them to complete their jobs efficiently.

Judge Sawyer answered criticism of the secrecy surrounding the planning of the project with "If we had publicized our plans prematurely special interest groups would have located the location and the actual design until we couldn't have completed it by the October 31 deadline issued by the government." He continued with, "We have no desire to withhold actions of this body from the people of Coffee County. Any county money we spend is their money and we hope to spend it in a way that will better serve the most people and this plan appears to be fairest to everyone."

Mr. Oakes also noted that sales and earnings of the plastic container division, which was acquired late in 1970, are included in results for 1971 but not for 1970.

Mr. Oakes also noted that sales and earnings of the plastic container division, which was acquired late in 1970, are included in results for 1971 but not for 1970.
